**TOWN WARRANT
THE STATE OF NEW HAMPSHIRE**

**THE POLLS WILL BE OPEN FROM
1:00 P.M. to 6:00 P.M.**

To the Inhabitants of the Town of Eaton in the County of Carroll in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Evans Memorial Building (Town Hall) in the Town of Eaton, County of Carroll on Tuesday the tenth of March, 1987 at one o'clock in the afternoon to act upon the following subjects herein after set forth. The polls shall open for balloting at 1:00 P.M., or as soon thereafter as the Moderator calls the meeting to order and declares a quorum present. Voting on Article 1 and Article 2 (proposed amendments to the Town of Eaton Zoning Ordinance) shall be by official ballot. The remaining articles of the Warrant shall be acted upon at 8 o'clock in the evening.

ARTICLE # 1.

To choose all necessary Town officers for the year ensuing.

ARTICLE # 2.

To see if the Town is in favor of adopting five amendments to the Town of Eaton Zoning Ordinance of 1973 dealing with: erection of buildings on streets, a new definition of "Wetlands," minimum floor area, a new definition of "Home Occupation," and, a revised system of minimum lot sizes based on soils and slopes.

ARTICLE # 3.

To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same; including town officers salaries, town officers expenses, election and registration expenses, expenses of the Town Hall and other buildings, Social Security and Withholding Taxes, fire department, insurance, civil defense, health department, vital statistics, town dump, town road maintenance (summer and winter, highway grant and general expenses), street lighting, town poor and old age assistance, recreation, cemeteries, and interest, planning and zoning, legal expenses, capital reserve, and unemployment compensation.

ARTICLE # 4.

To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes, if necessary.

ARTICLE # 5.

To see if the Town will authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector Deeds, reference RSA 80:42.

ARTICLE # 6.

To see if the Town will vote to authorize for, accept, and expend such Federal, State, or other governmental unit or private source of funding which become available during the year, in accordance with RSA 31:95-b.

ARTICLE # 7.

To see if the Town will vote to authorize the Eaton Conservation Commission to make application for a grant or grants from appropriate trust funds to enhance the public usefulness of Town lands.

ARTICLE # 8.

To see if the Town will vote to authorize the Eaton Conservation Commission to retain the unexpended portion of its 1987 receipts, said funds to be placed in a special conservation fund, in accordance with RSA 36, A-5.

ARTICLE # 9.

To see if the Town will vote to raise and appropriate the sum of \$2,000.00 for the purchase of a new highway truck, to be deposited into the Capital Reserve Fund created for this purpose.

ARTICLE # 10.

To see if the Town will vote to raise and appropriate the sum of \$388.00 for maintaining membership in the North Country Council for one year in order to obtain assistance for the Town Selectmen, Planning and Zoning Boards, and other committees requiring the services of the Council.

ARTICLE # 11.

To see if the Town will vote to appropriate the sum of \$1,709.22 for reconstruction or replacement of Town bridges, and authorize the Selectmen to withdraw the above amount, plus interest, from the Federal Revenue Sharing Fund.

ARTICLE # 12.

To see if the Town will vote to raise and appropriate the sum of \$1,100.00 for costs of perambulation of the Freedom and Madison Town Lines.

ARTICLE # 13.

To see if the Town will vote to raise and appropriate the sum of \$250.00 for the support of the summer water safety program.

ARTICLE # 14.

To see if the Town will vote to raise and appropriate the sum of \$1,080.00 to assist the Conway Village Recreation Commission in providing recreation programs for residents of the Town of Eaton.

Agreeable to a petition signed by Judith M. Goss and others.

ARTICLE # 15.

To see if the Town will vote to raise and appropriate the sum of \$502.00 for the Visiting Nurse Services of Northern Carroll County, Inc., said sum being equal to \$1.80 per person in the Town of Eaton.

Agreeable to a petition signed by JoAnn Kelly and others.

ARTICLE # 16.

To see if the Town will vote to raise and appropriate the sum of \$300.00 to assist the Carroll County Mental Health Service.

Agreeable to a petition signed by Elizabeth C. Bungeroth and others.

ARTICLE # 17.

To see if the Town will vote to raise and appropriate the sum of \$600.00 for the capital budget of The Memorial Hospital, North Conway, New Hampshire.

Agreeable to a petition signed by John W. Cass and others.

ARTICLE # 18.

To see if the Town will vote to raise and appropriate the sum of \$400.00 for support of the Gibson Center for Senior Services and the Gibson Center Meals Program.

Agreeable to a petition signed by Allan C. Robotham and others.

ARTICLE # 19.

To see if the Town will vote to raise and appropriate the sum of \$400.00 for the support of the Children and Youth Project of Mount Washington Valley.

ARTICLE # 20.

To see if the Town will vote to raise and appropriate the sum of \$350.00 to assist the Carroll County Family Health Centre (Family Planning, Prenatal and Primary Care Program).

Agreeable to a petition signed by Elizabeth C. Bungeroth and others.

ARTICLE # 21.

To see if the Town will vote the Trustees of the Trust Funds to be Cemetery Trustees, each individual trustee's term to expire simultaneously with his/her term as a Trustee of the Trust Funds. The Cemetery Trustees shall be responsible for determining the prices of cemetery lots and of perpetual care, and for preparing an annual cemetery budget.

ARTICLE # 22.

To see if the Town will vote to create a general fund trust for the purpose of cemetery maintainance, the fund to be named the "Town of Eaton General Cemetery Maintainance Fund", and further to authorize financing of this fund through the sale of cemetery lots and perpetual care assessments.

ARTICLE # 23.

To see if the Town will vote to raise and appropriate the sum of \$1,100.00 for the survey and placement of measurement markers in the newer section of Snowville Cemetery, as recommended by the Trustees of the Trust Funds.

ARTICLE # 24.

**EATON'S TOWN MEETING
1986**

The annual Town Meeting of the Town of Eaton, N.H. was called to order on March 11, 1986 at 8:00 PM by Moderator Ellsworth T. Russell

Mr. Russel read the "Call to Meeting" and the articles of the Warrant.

The Moderator then asked for a moment of silent prayer in memory of Samuel B. Head, who passed away on July 19, 1985. Mr. Head had served the Town in many official positions, among them twenty years as a Selectman.

Article 1 - To choose all necessary Town Officers for the year ensuing. This had been done by ballot earlier in the day and the following officers had been elected.

Selectman for three years	Richard H. Young
Supervisor of Checklist for 6 Years	Doris K. Underwood
Auditor for 1 Year	Douglas K. Blue
Highway Commissioner for 1 Year	Elwyn R. Thurston
Trustee of Trust Funds for 3 Years	Eugene G. Kleinmeier

Also by ballot earlier in the day, two amendments to the "Town of Eaton Zoning Ordinance of 1973" had been voted on and passed:

Amendment 1 - "Are you in favor of the adoption of an amendment to the "Town of Eaton Zoning Ordinance of 1973" as proposed by the Planning Board of the Town of Eaton to add under Article IV, Section B, Paragraph 12 to read as follows: Each dwelling, structure, or accessory building shall be set back at least one hundred twenty-five (125) feet from the shore as determined by projecting a line perpendicular to the average high water level of water bodies five acres or more including, but not restricted to: Conway Lake, Crystal Lake, Hatch Pond, Long Pond, Purity Lake, Roberts Pond, Thurston Pond. This amendment was approved by the Planning Board and submitted by the Selectmen." This amendment was passed by a vote of 70-11.

Amendment 2 - "Are you in favor of the adoption of an amendment of the "Town of Eaton Zoning Ordinance of 1973" as proposed by the Planning Board of the Town of Eaton, Article VIII Board of Adjutment, the last sentence to read '...by the Board of Adjustment may be subject...', the underlined portion to be added for clarification. Article VIII - A. Creation: The Board of Adjustment created by Article VI of the Land Use Ordinance of the Town of Eaton, adopted March 10, 1970, shall be a continuing body and become the Board of Adjustment of this ordinance. It

shall have the composition, terms, duties and authority set forth in New Hampshire Revised Statutes annotated, Chapters 673, 674, 676, 677 (formerly Chapter 31). The Board shall hold public hearings on all cases properly before it and shall give reasonable public notice by mail to all owners of property within 200 feet of the exterior boundaries or property involved. The Board may, before acting on a matter, refer it to the Planning Board for review and recommendation. The granting of permits by the Board of Adjustment may be subject to appropriate conditions and safeguards. This amendment was approved by the Planning Board and submitted by the Selectmen." This amendment was passed by a vote of 74-6.

The Moderator also announced that the following School Officers had been elected: Jonathan Goodwin for School Board for Three Years; Alexander McKenzie for Moderator; Jane Gray for Auditor; Patricia Coogan for Treasurer; and Elizabeth Bungeroth for Clerk.

Article 2 - Alexander McKenzie moved, Charles Hurll seconded, that the Budget of the Town of Eaton be approved as printed in the Town Report, on page 12, in the amount of \$117,100.00. Passed 45-0.

Article 15 - Suzanne Russell moved, Elizabeth Bungeroth seconded, to see if the Town will vote to raise and appropriate the sum of \$288.00 to assist the Carroll County Mental Health Service. Agreeable to a petition signed by JoAnn Kelly and others. Passed 47-1.

Article 16 - Alexander McKenzie moved, Grace Fowler seconded, to see if the Town will vote to raise and appropriate the sum of \$600.00 for the Capital Budget of the Memorial Hospital, North Conway, NH. Agreeable to a petition signed by John W. Cass and others. Approved 46-0.

Article 17 - Alice Linscott moved, John Gospodarek seconded, to see if the Town will vote to raise and appropriate the sum of \$100.00 for the support of the Gibson Senior Center Meals Program. Agreeable to a petition signed by Henry N. Fowler and others. Approved 47-0.

Article 18 - Donald McBrien moved, Paul Hennigan seconded, to see if the Town will vote to raise and appropriate the sum of \$380.00 for administrative expenses of the Gibson Center for Senior Services, Inc. Agreeable to a petition signed by Henry M. Fowler and others. Passed 49-0.

Article 19 - Elizabeth Bungeroth moved, seconded by Alexander McKenzie, to see if the Town will vote to raise and appropriate the sum of \$300.00 for the support of the Children and Youth Project of Mount Washington Valley. Agreeable to a petition signed by Elizabeth C. Bungeroth and others. Passed 45-0.

Article 20 - John Gospodarek moved, Philip Kelly seconded, to see if the Town will vote to raise and appropriate the sum of \$250.00 to assist the Carroll County Family Planning and Prenatal Program (Family Health Center). Agreeable to a petition signed by JoAnn Kelly and others. Passed 44-3.

Article 21 - Alice Linscott moved, Alexander McKenzie seconded, to see if the Town will vote to raise and appropriate salaries for the following positions in the amounts designated: Auditor, \$100.00; Selectmen (3), \$2,100.00; Town Clerk, \$600.00; Treasurer, \$500.00; Trustees of Trust Funds (3), \$75.00. Agreeable to a petition signed by Alexander A. McKenzie and others. Passed 46-0.

Article 22 - Alexander McKenzie moved, Charles Hurlll seconded, to see if the Town will vote to raise and appropriate the sum of \$1,100.00 for the survey of and placement of measuring markers in the newer section of the Snowville Cemetery as recommended by the Trustees of Trust Funds. Approved 44-1.

Article 23 - Henry Fowler moved, Glenn Williams seconded, to see if the Town will accept as a gift from Keith Henney a 100 plus or minus acre parcel of land located on the Westerly side of Stuart and Foss Mountain roads to become a portion of Town Forest to be administered by the Eaton Conservation Commission. This acreage being found on tax map R-9 as lot 25, and lot 26 with an approximately 300 plus or minus feet wide corridor on lot 24 adjoining said pieces with town-owned Brooks Pasture and Foss Mountain. Agreeable to a petition signed by Philip C. Kelly and others. Philip Kelly read a letter from Mr. Henney as follows: "There are two reasons why I think the Town should own this land. The part on Stuart Road is rough land, has never been built upon and, after a narrow shelf along the road, drops down fast several hundred feet toward the Paul Hill Road. The road up hill from Snow Village Inn is not maintained in the winter. It rises fast, comes to a pitch and then falls off again. Years ago Samuel Everitt (who salvaged my up-hill place, Helen Dahl's place, the place on Kent Mountain) and Frank Simonds had a lot of fun (I think) with dynamite trying to reduce the pitch on this road. They failed. My hunch is that the area is probably solid rock. If the part of this 100-acre land along Stuart Road is developed the Town will have to maintain the road year-round and will probably have to widen it. I doubt that any taxes received from the land will pay its road costs. Therefore, my first reason for proposing that the Town own this land is straight economics. It will be cheaper to own it than to allow it to be developed. My second reason is the same reason that the Town now owns the Jackson Forest, Foss Mountain, the Simonds Memorial Forest, Brooks Pasture - it is to be land not built up, land of field and forest for all of us to enjoy. If the Town votes to accept this land, then a narrow strip along the western border of my up-hill place will be deeded to the Town. It will connect Brooks Pasture with this new 100-acre plot. In this way the Town will own about 400 acres in on contiguous strip. If the Town votes not to accept, then the new land will probably be sold (Signed) Keith Henney." This Article passed 50-1.

Article 24 - Mary Gospodarek moved, Barbara McKenzie seconded, to see if the Town is in favor of authorizing the Planning Board of Eaton to prepare and amend a recommended program of municipal capital improvement projects, projected over a period of at least six years, as provided in NHRSA 674:5 - Capital Improvement Program. Approved 49-0.

Article 25 - Alexander McKenzie moved, seconded by Suzanne Russell, to see if the Town will vote to establish a cemetery fund for the maintenance of cemeteries to be managed by the Trustees of Trust Funds; and further to authorize financing of this fund through the sale of cemetery lots. Passed 47-0.

Article 26 - Alexander McKenzie moved, Charles Hurlll seconded, to see if the Town will vote to raise and appropriate the sum of \$100.00 for support of the Community Action Outreach Program. Approved 42-1.

Article 27 - John Gospodarek moved, Suzanne Russell, seconded, to see if the Town will vote to oppose the burial, storage, transportation and production of high level radioactive waste in the Town of Eaton and State of New Hampshire; and to call upon Congress to conduct an independent investigation with full public participation into the feasibility and prudence of the US Department of Energy's (DOE's) present plan to dispose of radioactive waste and into the DOE's competence to carry out such a plan. The record of the vote on this article shall be transmitted to the Governor of New Hampshire, the New Hampshire Congressional Delegation and to the President of the United States. Agreeable to a petition signed by Mark S. Provost and others. Passed 26-14.

Article 28 - Suzanne Russell moved, seconded by Charles Hurlll, to see if the Town will vote to raise and appropriate the sum of \$900.00 for the purchase of sand for the public beach at Crystal Lake. Lauren Trapasso stated that the sand on the beach was getting sparse, and although the Commission had been quoted prices ranging from \$900.00 to \$1300.00, they thought that for this year they would apply for \$900.00 to get the work started. March Bungeroth made a motion for an amendment to make it \$1300.00 this year to get it done. The amendment was seconded by Philip Kelly; voted on and passed 41-1. The vote was then called on the Article as amended and passed 42-0.

Article 29 - Alexander McKenzie moved, Charles Hurlll seconded, to see if the Town will vote to raise and appropriate the sum of \$5,000.00 for inclusion in the Capital Reserve Fund for repairs, replacement or improvement of bridges and culverts on Town roads, and to authorize the Selectmen to withdraw money from the fund for the above purposes under provisions of RSA 35. Passed 46-0.

Article 31 - Barbara McKenzie moved and John Gospodarek seconded, to see if the Town will vote to adopt written welfare guidelines as proposed by the Board of Selectmen. Chapter 380 of the Laws of 1985 requires the Town to adopt written welfare guidelines prior to April 1, 1986. (Copies of the full text of the proposed guidelines are on file with the Town Clerk.) Passed 47-0.

Article 32 - To act on any other business that may legally come before this meeting.

1. In response to a motion under Article 26 at the 1985 Town Meeting for a study of fire protection priorities for the Town of Eaton, Fire Chief Charles W. Hurlll announced that he, Robert Donahue, Chester Russell, and Alexander A. McKenzie had formed a Committee. They recommended that a hydrant in Snow Brook across from Kleinmeiers' would be advantageous, and that the present broken hydrant at the corner of Steward Road and Foss Mountain should be repaired. It was noted that the hydrant at the Thoms' private Pond needs cleaning and a new strainer. the committee questions whether this should be done at the Town's expese, where we have no right of way to it. It was not recommended to install hydrants in private ponds on private property unless the Town could receive a deeded right of way to such hydrants or a duly recorded easement to such hydrants. It was stated that under Article 18 of the 1985 Town Warrant, the money was appropriated and the dry hydrant was installed in Crystal Lake on Route 153, in the area of the Goodwins' residence.

2. John Gospodarek wonders if the Town can pass an ordinance to keep cars off the Lake in the Wintertime. The Selectmen know of no way this can be done.

3. Mary Gospodarek wants a letter sent to Keith Henney thanking him for the gift of the land. The Town Clerk will take care of this.

Charles Hurlll moved, John Gospodarek seconded that the Meeting be adjourned. So moved. Adjourned at 10:35 PM.

Respectfully Submitted

Ruby A. B. Hurlll
Town Clerk

REPORT OF**THE TOWN OF EATON PLANNING BOARD**

Two years ago the board's report referenced the initiation and progress by the Master Plan Review Committee to provide information for the purpose of up-dating the Town's Master Plan. In 1986 the board confirmed these efforts were continuing. Today, with a sense of relief and accomplishment, along with our thanks to so many of you for your contributions and participation, the town has a current revised Master Plan.

Rapid growth and change in our neighbor towns are clear evidence that a comprehensive plan, with ordinances and regulations to enable its implementation by your town officials, is a prerequisite to orderly municipal development.

The planning board's future efforts and responsibilities will be directed toward defining, supporting, proposing, revising and enacting subdivision regulations and zoning ordinances that carry out your Master Plan goals.

Our regular meetings are scheduled for the third Wednesday of each month at 7:30 P.M. at the Evans Memorial Building (Town Hall).

We will look forward to your attendance and input in 1987 on March 18, April 15, May 20, June 17, July 15, August 19, September 16, October 21, November 18, December 16, and January 20 and February 17, 1988.

Respectfully submitted:

Peter K. Blue

**REPORT OF TOWN FOREST FIRE WARDEN
AND STATE FOREST RANGERS**

Between July 1985 and June 1986, we experienced fewer fires than normal. The two leading causes of forest fires were again children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with **your** help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulation; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you will become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

Town of Eaton Forest Fire Warden

In the past several years we have seen several occasions in which Eaton's tax dollar was spent on fire protection provided by the Conway Fire Department for very small fires.

With the price of each fire engine called to Eaton rising from \$125 to \$180 per/hour and \$10 per man per/hour I would like to organize a group of Eaton residents (Men and **Women**) would would be willing to be called to a fire scene to help fight a woods fire or wet down after a house fire has been knocked down by Conway Fire Department.

Anybody who is interested in starting an active Eaton Fire Department please contact Jim Coogan at 447-6787.

EATON CONSERVATION COMMISSION

1986

Having completed all the forest management plans for the town lands discussion was raised as to the procedure to follow for proper management. Forest Land Improvements of Chocorua, N.H. has provided the Commission with professional advice and various recommendations, including improvement cuts, Timber Stand Improvement projects as well as some whole tree harvesting which would upgrade the town's forest for future years.

There was no commercial blueberry crop as such on Foss Mtn. but a small harvet was picked off Brook's Pasture. Mr. Merryfield, the commercial harvester, reported the June frost made the harvest questionable and affected the yield.

The 100 acre \pm gift from J. Keith Henny was accepted by the town at the 1986 Town Meeting and the deed was passed in June. The property, located on the West side of the Foss Mtn. Road, makes for a continuous piece from the corner of Foss and Stuart roads to the summit of Foss Mountain.

Various work was done on Foss Mountain this year. The trail's condition became a concern to the Commission so a series of waterbars were dug and will be seeded this spring, all in attempting to minimize the damage by runoff. The gate at Brook's Pasture was replaced; it had succumbed to old age. That same weekend the Commission cleared the cemetery in Brook's Pasture, part of their work program aimed at maintaining the more remote cemeteries in Eaton. The Fernald cemetery on Foss Mtn. was completed this summer as well.

New signs will be seen on Foss Mountain next summer which the Commission hopes will more clearly explain the fact that there is a commercial crop of blueberries and picking is allowed only when the commercial harvester is finished. The Commission appreciates the Townpeople's assistance in preserving this crop.

The Town's property lines have been re-painted this summer, a project which occurs roughly every 10 years, an important endeavor and good land owner's practice.

Work was done at the Snow Spring which involved replacing the road-side barrel as well as introducing the stone walkway leading to the spring. Along with the work it was decided the water should be tested by the Water Supply and Pollution Control Commission. When such test will be made the results will be posted.

The Commission was asked to act upon two dredge and fill permits with no objections found to either the town beach project or the Snow Brook culvert project.

The Commission sponsored an informative presentation on Current Use Taxation given by Peter Pohl, the Carroll County Extension Service forester.

The Commission also took part by volunteering manpower at the first of hopefully annual Household Hazardous Waste Collection Days held at the waste disposal facilities in Conway. It was encouraging to see a number of Eaton residents taking part in the collection day.

Successful is the best way to describe the new program the Commission has worked out with David Brooks of Tin Mountain Conservation Center. David has begun an ongoing seasonal outdoor educational program here in Eaton which has seen two summer sessions and a fall session. Emphasis has been to develop an appreciation for the natural history in Eaton's town land by our elementary age students. We hope for continued enthusiasm in this winter's adventure and the next year's as well.

As provided under its bylaws, regular meetings of the Commission are held at 7:30 pm on the second Monday of each month from April through November at the Eaton Town Hall. Special meetings are given advance public notice. All meetings are by law open to the public. The Commissioners welcome active participation, especially by residents and taxpayers.

The names of the members responsible for actions reported above are listed. Their terms end in August of the year indicated, except as noted.

NORTH COUNTRY COUNCIL**ANNUAL REPORT**

Calendar year 1986 was a busy and productive year for the North Country Council as it continued to provide a wide range of assistance to towns and cities in the North Country.

The Council is a regional non-profit, public agency chartered under NH RSA 36:45 and is responsible for providing its member communities assistance in local community planning, economic development, solid waste, transportation and various other community services. Besides the direct assistance the Council provides each member community, it is an advocate for all North Country towns in legislative and funding issues at the state and federal governments.

Growth and development is no longer unique to southern New Hampshire; North Country towns are experiencing similar growth pressures. The Council recognizes the impacts associated with this development to schools, roads, waste disposal, water, etc. The Council is dedicated to assisting town officials with these complicated issues. Because most of the Council member towns do not have a staff of their own to do the research, answer the questions and respond to incoming requests, the Council has revised the way we help member towns. Now, each town has a staff person assigned to assist the local officials of that town with their daily needs. In this way, the Council serves its membership more efficiently.

In Eaton, the Council provided information on Master Planning and establishment of zoning districts.

Economic Development is an important part of the Council's overall agency mission. This year the Council developed two marketing products: a regional brochure promoting the region and community profiles which the ten growth communities in the region are using to market their industrial development potential. The Council also produced a series of magazine advertisements, along with a display at the Eastern States Exposition, promoting the North Country as the sensible place to do business. The Council is now developing a workshop series on industrial development marketing for local officials in the region who are actively seeking economic development.

This past summer the Council co-sponsored the very successful North Country legislative tour. Over 285 legislators and their guests toured the North Country getting a glimpse of the life, economy, and culture that makes our region unique. A follow-up legislative reception was held in December to develop a legislative agenda for 1987. The tour and reception should have future beneficial legislative impact to the North Country.

The Council again provided information and guidance to several towns on federal and state grant and loan programs. This past year saw the Council administer over \$3.0 million in Community Development Block Grant funds. The funds cover such activities as housing rehabilitation, downtown revitalization, business revolving loan funds, and housing rehabilitation feasibility studies.

Community planning assistance has emphasized master planning and improvement in local land use controls. New state mandates and commercial and residential growth in several towns have created busy work loads for planning boards. The Council's assistance takes many forms: regional workshops, newsletters, regulation review and update, and assistance on a regular or one-time basis for subdivision and site plan applications.

The Council again co-sponsored the Municipal Law Lecture series with the NH Municipal Association. The Law Lecture this year covered such topics as local planning board procedures, administration and enforcement of ordinances and review of recent court cases and state law changes regarding local land use planning.

Overall, the Council's major objective is to work with North Country towns in solving local and regional problems. We rely on and appreciate the involvement of town officials and residents and look forward to assisting your town this coming year.

SELECTMENS' REPORT

The Board of Selectmen are proud of and grateful to the citizens of Eaton who make up our Planning Board. With the help of a Master Plan Review Committee, the Planning Board completely revised and brought up to date the Town's Master Plan, incorporating the goals of our residents and nonresidents after a survey which appears to be unique in the history of the State of New Hampshire. Special commendation is hereby given to Jerry Underwood for his leadership and to Leslie Feron for her unflagging perseverance. Together, they were the driving force behind completing our New Master Plan.

Now, based on our new Master Plan, our Planning Board members are revising our Zoning Ordinance and Subdivision Regulations. Meanwhile, a Capital Improvements Program committee appointed by the Planning Board is working on compilation of a list of capital expenditures that will be needed in the next seven years with an eye to minimizing the impact of such projects on the tax rate over the years. After the Planning Board adopts the list and holds public hearings, the first Capital Improvements Program should be on the Town Warrant for 1988.

The Board of Selectmen last summer formally accepted Mr. J. Keith Henney's generous gift to the inhabitants of Eaton of land along Foss Mountain Road, which makes it possible for our citizens to enjoy outdoor recreation on Town land from Stuart Road to the top of Foss Mountain. The Conservation Commission has already developed a winter parking area on some of the newly gifted land for people who use Foss Mountain in the wintertime. The Commission has additional ideas and plans for use of Mr. Henney's gift.

We urge men and women in this community to support Forest Fire Warden, Jim Coogan, in his efforts to organize a group of volunteer firefighters. We will not be able to dispense with the services of the Conway Fire Department, but in small fires we can supplement their efforts, thus cutting our costs, and perhaps decreasing response time.

Finally, the Selectmen need help in filling positions on Town boards and commissions. We particularly urge young adults to join in Town government in service to our friends and neighbors.

LETTER TO THE SELECTMEN**November 18, 1986**

Dear Friends:

The Family Health Centre is requesting \$350 from the town of Eaton to support our Family Planning, Pre-Natal and Primary Care programs.

The Family Health Centre is a private, non profit organization that delivers quality health care to patients at three sites: Main Street Professional Building, North Conway; Huggins Hospital, Wolfeboro and Ossipee Concerned Citizens, Center Ossipee.

The Family Planning Program provides comprehensive reproductive health care including physical examinations, health education and counseling, screening for and treatment of sexually transmitted diseases, infertility services, pregnancy testing and contraception. We do not provide abortions, nor do we pay for them. In fact, family planning programs, by allowing families to prevent unwanted pregnancies, are the most effective way to reduce the number of abortions performed. The program emphasises family involvement and parental involvement whenever possible. The Health Centre currently provides care to almost 1,500 patients in Carroll County.

The Pre-Natal Program offers complete pregnancy care from conception through the post partum period. The services include medical care, nutritional counseling, social services, health education, housing assistance, transportation and adoption counseling. Over sixty low income women and teenagers will receive pre-natal care this year. Another fifty will be turned away due to lack of funding.

The Primary Care Program provides comprehensive family health care which includes annual physical exams, treatment of acute and chronic diseases, well-child care and pre-natal care.

The services in all three programs are fee scaled and no one is refused care due to an inability to pay.

This year we are asking for a combined total of \$15,000 from all of the towns in Carroll County. The reason for the requested increase is that we received a 23% cut in our federal subsidy for Family Planning dollars for this fiscal year. A new national reallocation formula is anticipated to bring an additional 30% cut for the next fiscal year. We are also budgeting to increase our revenues for our Pre-Natal program to allow us to provide for ten more patients next fiscal year. The current demand exceeds our resources by over 50%. Our program patients already pay for almost 50% of their care through patient fees – considerably more than the clients of other social service programs are expected to pay – and are currently seen to be making their maximum contribution.

I would appreciate a meeting with the Budget Committee or Board of Selectmen to discuss our request and answer any questions you might have.

Thank you for your consideration in this matter.

Sincerely,

Carolyn Lucet, LCSW
Program Director

LETTER TO THE SELECTMEN**January 12, 1987**

Children Unlimited, Inc. is a new non-profit corporation designed for the sole purpose of serving the developmental needs of children ages birth through five years of age. This new independent corporation is the result of a merger of two existing programs in Northern Carroll County: the Visiting Nurse Services of Northern Carroll County's Early Intervention Child Development Program and Therapy-Education Associates, Inc., Bridge to Learning Program. Children Unlimited, Inc. provides three programs: 1) the Early Intervention Program, 2) the Pre-School Program, and 3) the Developmental Day Care Program.

The Early Intervention Program is in its sixth year of operation. The program is partially funded by the Division of Mental Health and Developmental Disabilities. The primary purpose of the Early Intervention Program is to provide developmental, educational, and therapeutic programs to children and families of children, birth to thirty-six months of age, who are developmentally delayed or at risk of being developmentally delayed. These children exhibit delays in reaching normal milestones in growth and development. Early identification and treatment of children with developmental delays or at risk for developmental delays increases the likelihood that these children will reach their greatest potential and possibly decrease the need for future special education services. Early identification is facilitated by a bi-annual child find screening. Treatment of children with developmental delays is provided via therapeutic and educational services of evaluation, therapy/remediation and consultation with the child and family.

Another adjunct service Children Unlimited, Inc. offers is a Pre-school program. Its purpose is to provide that specialized pre-school program for the minimally to moderately delayed child who needs full services of therapy and special education. This program is serviced in complete collaboration with Supervisory Administrative Union #9.

Children Unlimited, Inc. also assists parents in securing respite care, provides them with information regarding agencies and resources designed to meet their individual needs, and helps them find appropriate child care services for their children when necessary. To alleviate problems in finding qualified respite, child and day care, especially for special needs children, Children Unlimited, Inc. offers a day care program which is open to all children ages 18 months through five years of age. This program has the benefit of consultation from the technical and educational service providers of our intervention program as well as the security and convenience of being in the same facility and with staff already familiar to the child and family enrolled in the Early Intervention Program.

**PRINCIPAL'S REPORT
CONWAY ELEMENTARY SCHOOL**

by Lois Gould

The school year 1986-87 will be remembered as a year of change. We are very aware that the rapid changes of our society have reached the upper valley and into our school. Conway Elementary School itself has been a part of a dramatic system of changes this year. At the Administrative level we have a new superintendent, new assistant superintendent, new special education director, and new principal. We have two new portable classrooms, new staff, a new first grade, new computers, and new curricula. Each new factor in any system creates changes throughout that system that in some way affects us all. Change is healthy, as it challenges, keeps us alert and aware, and helps us deal with a rapidly changing world.

Attendance at Conway Elementary School reached 344 students in January 1987. Some of our classrooms are nearly bulging at the seams and still, the climate here is one of family - personal and caring. Children and teachers work together toward only one end, to do what is best for the child.

Our classrooms are places of serious business as teachers and children work on those important basic skills of reading, writing, math, social studies, and science. CES provides excellent additional help to children through Chapter I reading and math programs, and special education classrooms. We have experienced tutors working with children in language arts, reading, and writing programs as well as teacher aids for the primary classrooms. We have a number of wonderful parents who come into our school on a regular basis to work with either individuals or small groups of children. Such concentrated attention provides important advantages for all our students.

School is a busy and productive place for children. A number of our students are famous around the state for their jump rope exhibitions, demonstrations, and workshops with the RED HOTS jump rope team. Some of these youngsters will be traveling in March to Montana to take part in a jump rope jamboree sponsored by the National Heart Association. Students have had field trips to the Science Museum in Boston to see the dinosaur exhibit, the Portland Symphony to see Peter and the Wolf, Tin Mountain Conservation Center, and our local Indian Museum. We held our annual spell down, and one talented youngster will be representing the CES "cougars" at the county spelling bee in February. Every child in school has had a special Tuesday afternoon activity dur-

ing our Winter Activity Program. Many children are having instruction in downhill or cross country skiing; others are skating or sliding or working on individual projects. Our 5th and 6th grade students wrote and submitted excellent essays to the DAR essay contest, titled: A Letter To The Editor, September 1787.

Many parents have visited our school this year during special programs. Parents came to school in October to meet the first grade teachers and hear about the new first grade being established. A large crowd came to our Open House in November and saw the students' book, *Likely Stories*, dedicated to former principal, David Hawkins. The RED HOTS jump rope team sponsored an overwhelmingly successful spaghetti dinner in November. We had the hallways of our entire building covered with children's art work for the well-attended Art Festival early in December. Again in December, many parents and friends joined us for our Winter Holiday music program.

Parents form an important part of our school community. Besides the volunteers and visitors to our special events, we have seen a wonderful beginning to a Parent and Teacher Organization this year. An enthusiastic group of parents has raised money to sponsor a Reading Is Fundamental (RIF) program for our children which provided each child with a free book at the first book distribution in December. The PTO group continues to pursue other ways to benefit the children of our school and provide a valuable support system for both teachers and parents.

Continued professional growth is an important factor in keeping teachers up to date with a changing world. Members of our staff have attended a number of workshops in computer education, the writing process, language arts, and reading. The system as a whole is undergoing a self evaluation that involves an analysis of the present programs and the needs of our community. Community and staff members are working together on evaluation committees to complete the process preparatory to a visitation by an evaluation team of peers in October of 1987.

Conway Elementary School has survived and thrived on the changes this year. As we change, we grow and improve. We are constantly improving the ways we meet the needs of all children.

SUPERINTENDENT'S REPORT

by Dr. William A. Jutras

To accomplish the high standards of education quality we all expect for our youth, many people must be involved. I am proud to report that the extent of school and community involvement is very good, and increasing every month. This is particularly important because we are adjusting to growth in the primary grades of most schools in Mt. Washington Valley, new minimum standards for elementary schools are approaching adoption by the State Board of Education, and we are moving toward full compliance for students in special education.

Community and faculty members have been active in supporting special education by helping to re-establish the vital position of Director of Special Education. People have participated on curriculum committees for Language Arts, Science, Health, and Transition programs; there are building committees in Conway, Madison, and Freedom; and there is an AREA Plan Committee with representation from eight of our nine districts. Add to this the active and productive involvement of thirty-one school board members, central office and building level administrators, and especially your teachers and support staff, and we are getting results.

Language Arts and Science curricula will be ready for pilot in September 1987; construction plans have been developed in Freedom; Conway and Madison are anticipating purchase of portable classrooms while long-term plans are conceptualized; and an AREA agreement awaits your vote. Our Art and Physical Education programs will be given much needed support by the already approved addition of teachers at the elementary level next year. Action Plans to continue improvement of language arts, mathematics, science, social studies, and study skills have been finalized for all schools.

There are more results. The superintendent's office was successful in obtaining \$48,664 in a competitive grant for the purchase of computers for use by many elementary school teachers. We felt that modern technology must be more readily available to teachers to assist them in classroom instruction. A side benefit obviously is that teachers are becoming better able to help students learn more about computers. The State of New Hampshire requires "Computer Literacy" for graduation. Within three years, we expect all of our elementary school students to be computer literate before they reach high school.

New programs such as Computer Literacy often require special training. Your school boards and teachers are providing the time for professional staff development by increasing the contract year by two days. By

way of negotiations, Madison, Bartlett, and Tamworth have the extended contract, while Freedom and M.W.V.E.A. (art, physical education, nurse, and special education itinerants) will have this next year.

As a school system we are growing, we are seeking better ways to organize our efforts, and we are improving instruction. I extend my sincere appreciation to the many people who have helped accomplish so much, and invite even more as we look forward to continued growth in this complex and dynamic system.

CONWAY AUTHORIZED REGIONAL ENROLLMENT AREA PLAN

A. NAME

The Conway schools, Kennett High School, John Fuller, Conway Elementary and Pine Tree, located in Conway, shall be the AREA schools. Albany, Bartlett, Eaton, Freedom, Jackson, Madison, and Tamworth shall be designated as the sending districts, and Conway shall be designated as the receiving district. The grades for the AREA schools shall be 9 through 12 for Tamworth, Jackson and Bartlett; 7 through 12 for Freedom and Madison; and K through 12 for Eaton and Albany. Jackson students in grades 7 and 8 may go to either Kennett High School or Josiah Bartlett Elementary School. Any sending district may elect to send pupils to schools in another sending district upon mutual agreement by both sending districts and the receiving district (Conway).

B. PURPOSE

To assure every member of the Conway AREA schools' student body equal access to all educational programs and opportunities, membership rights, and responsibilities independent of their home community.

To provide a broader range of program offerings for students than would otherwise be financially feasible for individual school districts.

To share equitably the costs of education at Conway AREA schools among the districts involved in this plan.

To provide a mechanism for sending districts to actively participate in the evaluation and planning of programs at the Conway AREA schools.

C. QUALITY OF EDUCATION

The Conway School District guarantees to operate schools, accredited and fully approved, consistent with the standards as defined by the laws of the State of New Hampshire for the education of its own and sending district students, grades K through 12.

D. STUDENT ORIENTATION AND CURRICULUM SERVICES

Orientation services will be made available by the receiving district to grade six pupils and grade eight pupils of the sending districts for seventh and ninth grade placement and subject placement. There will be articulation in programs between elementary, junior and senior high schools. The department chairpersons at Kennett High School will have a consulting and coordinating role with the curriculum of all elementary schools.

E. AREA PUPIL REGULATIONS

It is understood that the same pupil regulations will apply to the AREA students from the sending districts as to those of the receiving district.

F. REPORTS PROVIDED

All member district boards will have access to educational records for legitimate educational purposes for pupils residing within their districts, all in accordance with the Federal Family Educational Rights and Privacy Act, also known as the Buckley Amendment, Public Law 93-380 (20 USC S.1232g.).

All member district boards will have access to educational records, with no identification of individual students, for the purpose of conducting evaluations of school programs.

It is further agreed that a written report will be made to each school board of the sending district concerning the achievement and citizenship, quarterly, and attendance records, monthly, of pupils from that sending district who are enrolled in the Conway AREA.

G. SENDING DISTRICT PARTICIPATION IN CONWAY BOARD ACTIVITIES

The AREA sending district boards will elect collectively, one representative to serve on each of the standing committees of the Conway School Board, as voting members in all advisory matters. All sending district board members are encouraged to attend all standing committee meetings and meetings of the Conway School Board.

H. PURPOSE AND FREQUENCY OF AREA MEETINGS

1. There shall be annually at least three joint meetings of the Albany, Bartlett, Conway, Eaton, Freedom, Jackson, Madison, and Tamworth school boards as provided in RSA 195-A:5 for the purpose of consulting and advising regarding any matters of joint interest. These meetings will be educationally oriented and will provide opportunities for the sending district boards to be involved with the program of studies at Conway AREA schools and its administrative procedures. At least one meeting per year shall include the discussion of athletics and extracurricular programs offered and their impact on the sending districts as well as the receiving district.

2. The first joint meeting of the AREA school boards shall be held within 60 days of the operating responsibility date. Thereafter meetings will be held in accordance with RSA 195-A:5.

3. Thereafter there shall be an annual reorganization meeting held during the month of May which shall be called by the agent of the State Board of Education designated to preside at such meeting.

I. COMPUTATION OF TUITION RATES AND PAYMENT DUE DATES

1. The rate of tuition shall be determined annually and shall be the per pupil cost of current expenses of operation of the AREA schools.

2. The rate shall be determined for each school for each scholastic year preceding the year to which tuition rates are applicable. Current expenses shall refer to the following cost items: administrations, instruction, health services, operation of plant, maintenance of plant, fixed charges, school lunch and milk programs, student body activities, SAU expenses, and summer school. Fixed charges shall include employees' retirement, teachers' retirement, F.I.C.A., and insurance.

3. Such state aid received under RSA 198:19 by the receiving district resulting from the attendance of pupils from the sending districts to the AREA schools shall be credited to the benefit of the sending districts in determination of the cost per pupil tuition rate.

4. As part of the tuition rate, there shall be a rental charge as provided in RSA 195-A:1 (IX and X) in accordance with the following formula:

a. The totals of the annual capital outlay expenditures for (1) Kennett High School and (2) the three elementary schools combined, including principal and interest, less any and all state and federal aid reimbursements.

b. The totals for paragraph 4, section 4a, shall be prorated on the basis of the average daily membership (preceding school year) for (1) Kennett High School and for (2) the three elementary schools combined, giving a rental charge per pupil for (1) Kennett High School and (2) a rental charge per pupil for the combined elementary schools.

5. The cost of Special Education services provided by the receiving district to the students of the sending districts shall be assessed on each pupil served for the actual costs of the services provided.

6. Tuition payments shall be made by the sending districts in each fiscal and scholastic year by September, and quarterly thereafter (December, March and June).

$$\text{TUITION} = \frac{\text{Current Expenses}}{\text{Average Membership}} + \frac{\text{Capital Outlay}}{\text{Average Membership}}$$

J. SETTLEMENT OF DISPUTES

In case of disagreement as to the interpretation or application of this agreement, such controversy shall be submitted, by any member board, in writing to the State Board of Education which, after notice and hearing, shall make a decision which shall be final and binding.

K. METHOD OF AMENDMENT

The joint boards of the AREA districts may propose amendments to this plan consistent with the provisions of RSA 195-A. No amendment shall be effective, unless the question of adopting such amendment is submitted at an annual or special school district meeting to the voters of the districts voting by ballot with the use of a checklist after reasonable opportunity for debate in open meetings, and unless a majority of voters of each district present and voting shall vote in favor of adopting such amendment. The text of such amendment shall be included in an appropriate article in the warrant of such district meeting. It shall be the duty of the school board of each district to hold a public hearing concerning the adoption of any amendment to the written plan at least ten days before such meeting and to cause notice of such hearing and the text of the proposed amendment to be published in a newspaper of general circulation in the area before such hearing.

L. DATE OF OPERATING RESPONSIBILITY

The date of operating responsibility shall be July 1, 1987.

M. NO DISCONTINUED BUILDINGS

No existing school buildings in the several school districts shall be discontinued as a result of this AREA plan.

N. PLANNING COMMITTEE

There shall be a standing committee, consisting of two (2) citizens of each sending district and receiving district, as well as a school board member from each district to conduct an ongoing study of the organizational structure of the AREA school districts. Committee members shall be appointed by the Moderator in each district.

O. ESTIMATED INITIAL ENROLLMENTS

Estimated initial enrollments (September 1987) for sending and receiving school buildings are as follows for each town (see attached chart).

**ACCOUNTANT'S REPORT ON
FINANCIAL PRESENTATION**

To the Members of the School
Administrative Unit No. 9 Board
Conway, New Hampshire

We have examined the general purpose financial statements of the School Administrative Unit No. 9 as of and for the year ended June 30, 1986, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, the general purpose financial statements referred to above present fairly the financial position of the School Administrative Unit No. 9, at June 30, 1986, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying financial information listed as supporting schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of the School Administrative Unit No. 9. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements of each of the respective individual funds taken as a whole.

Zoning Ordinances, Subdivision Regulations and Site Plan Review Regulations are free to the taxpayers of Eaton. There is a \$10.00 fee for all others.

IF YOU HAVE A FIRE ... For a nominal cost, your agent can include in your fire insurance policy a "Recovery Clause" which will enable you to pass at least some of the cost of response by the Conway Fire Department to the insurance company, thus saving the Town a considerable amount of tax money. Contact the Selectmen and your agent for details.
